GREAT DISCOUNT ON FRENCH EXCHANGE
American Dollar is Now Well Worth Over Six Francs.

New York, April 13.—French exchange fell to the greatest discount in this market today within a generation and probably for a longer period.

The Paris check broke to 6.07 1/2, with cables at 6.07. The normal rate for this remittance before the war was 5.15 1/2, which represented an equivalent of a little more than five francs to the American dollar. Today's quotation fixed the value of the dollar at well over six francs.

Free offerings of Paris bills together with rumors of further delay in the completion of negotiations for another French loan here, were the immediate cause of the decline which banks regarded as little less than sensational.

Concurrent with the break in French exchange was the decline in rates on

KEEPING IN TOUCH WITH MEXICAN TROOPS.
Gen. Funston Has Scouts Watching Gen. Gomez's Force.

San Antonio, Tex., April 13.—Acting on instructions sent from General Funston's headquarters, scouts were sent today to locate and keep in touch with General Arnulfo Gomez's force, reported moving southeast toward Casas Grandes. General Funston said he had taken other precautions to guard against any action directed toward the American expeditionary force.

Petrograd demand rubles selling at 20, or within a fraction of their minimum of last October. Rubles in times of peace were quoted here at about 50 cents, so that today's rate represents a depreciation of almost 40 per cent. The weakness of Russian exchange was also attributed to a hitch in the proposed loan by American bankers to Russian interests.

DANIELSON

New Looms for River Weaving Company—Richard Reeves to Be High School Pitcher—Alexander Duhamel Brings Three Year Old Moose from Canada—An \$75 Per Cent—Death of Mrs. Frederick Beane.

Mr. and Mrs. William P. Perkins are entertaining at the Field of Boston. Miss Field was formerly district nurse here.

George I. Eaton is excavating for the foundation for another new bungalow on Riverview, where there is to be a building boom this spring.

Ralph C. Young is administrator of the estate of Lucretia Dalley of Brooklyn.

Prisoner Over 80.
Judge W. F. Woodward sent five out of six prisoners to the jail from the town court Thursday morning, one a vagrant more than 80 years of age.

Illustrated Lecture.
Rev. W. J. Swaffield gave an illustrated lecture after the prayer meeting at the Baptist church Thursday evening.

William M. Franklin will entertain a week end party at his cottage at Oldland Beach.

Clifford H. Starkweather, secretary of the Building and Loan association, is sending out his notices for the April payment for shares.

W. K. Pike, C. E., has been engaged in sinking out a considerable number of dwelling sites in the Riverview section.

Will Attend Bridgeport Meeting.
Captain E. L. Darbie will be at Bridgeport this evening attending a meeting of the officers of the Coast Artillery corps.

Robert Saunders is engaged in doing work on the foundation for a house to be built at Riverview.

George J. Henault has sold his light motor truck to Dubuc & Wheatley.

Teachers for the ensuing year are to be elected at the May meeting of the town school committee.

Strung Wires to Williamsville.
During the early hours of Thursday morning employees of the People's Light and Power company strung wires to carry current to Williamsville over the high tension line near the Standard Oil company's plant.

New Looms Coming.
Twenty-four new looms for the River Weaving company, occupying the mill near the state armory, are expected here within a few days. Other machines are also expected about the same time. This will give the plant a total of 48 looms.

Reeves for Pitcher.
Richard Reeves is to be the first string pitcher of the Killingly High school team this season and is expected to prove one of the best twirlers in the school league. He is big and strong and a splendid ball player.

The team as a whole will be a strong one.

Under the pressure applied this week more personal taxpayers continue to pay Tax Collector Pierre Boudaine the assessment levied against them, but others continue to hang back, evidently inviting court action and the heavy expense attached thereto.

Gave a Talking Show.
At the Orpheum theatre Thursday evening the Cherry Blossom company gave a chic and lively show that was somewhat out of the ordinary for Danielson. The company included some good singers and dancers, the costumes were pretty and the stage setting attractive. The company was one of the few burlesque organizations seen here.

Farmers are complaining about the late season in this section, where hardly a furrow has been plowed as yet, although at this time during the spring of 1915 the work was finished. Many persons hereabouts had peas planted as early as March 15 last year.

Non-resident advocates are looking with complacency at the record of arrests being made in Killingly during the present license year. When it comes to getting court cases out of the liquor business Killingly has no equal in the county, for some reason getting the majority of the rounders that drift into this corner of the state.

BOROUGH HAS A MOOSE.
Real, Live, Three Year Old Canadian Pet That Was Brought Up on a Bottle.

Shades of T. R. and the great antlered animal kingdom—not forgetting the one and only progressive party! Danielson now has something on every town in Connecticut and is in line for the supremacy of decorations within the gift of Teddy the Great. A real live bull moose has come to town and he is a perfect specimen of these princes of the northern forest, and a superb animal in every line from his lanky hooked nose to his very abbreviated tail.

The moose is the property of Alexander Duhamel of Cottage street, who unloaded him from a box car at the local freight station in the arms of Thursday morning after a trip of eight days from St. Alexandre, a little hamlet near the northern limits of the province of Quebec.

The moose will be three years old June 10, and since that day of birth has been the property of mankind. As Mr. Duhamel tells the story, a party of Canadians were fishing from a rowboat close to the densely wooded shores of one of the lakes in the wilds of northern Canada on the morning of June 10, 1912, when a mother moose and her two newly arrived offspring came down for a drink. Having slaked her thirst, the mother moose, not having observed the two silent men in the boat that was hidden from her view by brush, turned and ambled back to the woods, one tiny moose following at her heels while the other little one remained behind.

Making the most of an inspiration, and willing to take the chance that went with it, one of the fishermen stealthily approached the remaining baby moose, station in his arms, and made his way back to the boat, which was quickly pushed off from shore and rowed out into the open water. The little captive was taken back to camp and eventually to a nearby village. He was brought to this town and slowly developed to the stage where he could digest solid foods. In the nearly three years that have elapsed since his capture he has grown to the height of 5 feet 9 inches and weighs 875 pounds.

The moose is a fine example of his kind in every respect. He is as docile as a kitten and just as much of a pet. He will softly belch when left alone, but the minute his master appears he is "de-lighted" and will lay his great head on Mr. Duhamel's shoulder with the greatest show of affection.

This moose has never yet laid eyes on a trolley car, an automobile or any one of a great many things common to civilization. That's why he has been unloaded at 1 a. m. He has been hit in the head several times and is so tractable that there seems no reason to doubt that he can be driven hitched to a wagon—after he gets used to seeing things.

Mr. Duhamel brought him out of a

Marriage of Worcester Couple—Fire Loses Being Adjusted—City's Scout Troops Consolidate—Miss Alice Pierson of Cromwell Heads Suffrage Speakers at Thompson—Arthur W. Rouse Burned.

Attorney Charles E. Searls has been in New York, conferring on a case in which Hon. Joseph Choate is counsel.

Henry A. Reed of New Britain was a visitor with friends in Putnam on Thursday.

Farmers' Institute.
County Commissioner E. H. Cortis is to preside at a farmers' institute to be held in Thompson today.

County Agent W. J. Kennedy has commenced the regular issue of a periodical that will be of interest to the Windham County farmers.

Miss May Brinsmaid of Meriden is the guest of Mr. and Mrs. Jesse Rich.

Papers throughout the state have noted the resignation of Rev. J. R. Stubbart, pastor of the Baptist church and one of the best known clergymen in Connecticut.

Worcester Couple Married.
Robert J. Henry and Miss Nellie M. Henry, both of Worcester, were married here this week by Rev. J. R. Stubbart.

Charles J. Johnson, county sealer of weights and measures, is making his spring visits to dealers in towns in this section, inspecting weights and measures.

State factory inspectors have been making visits to mills in this section, investigating particularly as to the conditions under which women are employed.

Addition to Power House.
At the plant of the French River Textile company at Mechanicville, construction of the addition to the power house has been commenced.

A few more licenses for dogs have been issued by Town Clerk David Flagg, but the great majority of owners of such animals are waiting until near the time limit, on May 1, before paying the annual fee.

Directors of the French River Textile company have taken some books from the shelves that have been adjudged as likely to have a pernicious influence on the minds of the young, the directors being anxious to exclude all such works.

Trains Close to Schedule Time.
Since the rearrangement of the divisions of the New Haven road it has been noticed that trains through this city, especially between Worcester and New London, have run closer to the schedule time than for months past.

Adjusting Fire Losses.
Insurance adjusters were in this city Thursday and in company with the local agents arranged for the settlement of practically all of the losses resulting from the two disastrous fires of Monday. Adjustment of all of the losses is promptly expected.

Seven Hours in New York.
Seven hours in New York was the time presented by the Rob Ott company at the Bradley theatre Thursday and by many in the audience it was regarded as the best of the week by this regular company.

Team Has Practice Game.
The Putnam High School baseball team had a practice game with another school team on Thursday. Shaw, Hafferty and Glavin were given try-outs in the box. The team is gradually developing form and is expected to make a good showing during the league season.

Quarterly Conference.
Rev. G. G. Scrivenor, district superintendent, Norwich, is visiting the Methodist churches in this section, the county for their quarterly conference, his visit here taking place this week.

With the near approach of May there is agitation here for the inauguration of a special clean-up season, such as helped brighten up the city during the spring seasons of the past two years.

Putnam fans note that Joe Connelly did not appear in the lineup of the Boston Braves during the opening game against Brooklyn, Wednesday, but the great outfielder is said to be in splendid condition and may be expected to show strong later in the season.

Mission Services Sunday.
At St. Mary's church Sunday afternoon there will be special services to bring to a close the mission for the married women of the parish. The mission for the married men is to be commenced Sunday evening and will continue through the coming week.

Scout Troops Consolidate.
The various troops of Boy Scouts in Putnam have been combined into one organization. Troop meetings are to be held Friday evenings in rooms at

hamlet 45 miles from a railroad, leading him through a gulch like three to four feet deep. Canadian customs officials and railroad men declared the moose to be the first live moose ever taken out of Canada over the transportation lines used.

What's Mr. Duhamel going to do with him? Well, this is a practical deal, although one of the progressive leaders of the town welcomed the noble animal here and inspected him with awe. The moose was bought on the long chance that he will draw money as an exhibit at above resorts this summer and fairly next fall, the chances are that he will. He is most certainly worth looking at.

OBITUARY.
Mrs. Frederick Beane.

Mrs. Alice Jane Beane, 43, wife of Frederick Beane, died at their home on Mechanic street Thursday morning.

Mrs. Beane's illness dated from an attack of diptheria, from which she recovered, but it left her in a weak condition and she developed another illness that proved fatal. She was a native of Hartston, County Sussex, England, the daughter of Joseph Sanders and Harriett Buss. Mrs. Beane had been a resident in this place for a number of years. She leaves her husband and five children—Frederick, Louise, Charles, Alice and Jesse.

KEEP LOOKING YOUNG

It's Easy — If You Know Dr. Edwards' Olive Tablet.

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—all eyes with no sparkle.

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective.

They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color, 10c and 25c per box. All druggists.

SUFFRAGISTS AT THOMPSON.
Miss Alice Pierson, of Cromwell, to Be Married Next Week, Heads the Speakers.

There were 51 present at the meeting of the Thompson Thimble club at the Vernon Stiles inn in Thompson on Thursday afternoon, when suffrage speakers addressed the meeting. The principal speaker was Miss Alice Pierson, of Cromwell, who did not allow the fact that she is to be married next week to keep her time these days is very busy occupied, to interfere with an opportunity to say suffrage words.

Miss Pierson spoke to the effect of the use of the ballot by club women in western states. Other speakers were Mrs. W. J. Bartlett, who spoke of the progress of women, defeat and direct action, and Miss Rosamond Danbury of New Britain.

Directors of the meeting elaborate refreshments were served in the dining hall of the inn and those present were greatly appreciative of the service given by Landford and Mrs. C. L. Gerould.

Thursday evening there was another suffrage meeting at the French River inn at Mechanicville. Mrs. Bartlett and Miss Danielson speaking at this meeting.

BALTIC

Plainfield and Baltic Lodges to Play Deciding Games in Card Tournament This Evening at Norwich—Local Team Confident of Winning Silver Trophy Cup.

The card tournament which has been in progress all winter among the Manchester Unity Odd Fellows of eastern Connecticut will be brought to a close tonight (Friday) when Livingsstone lodge of Plainfield, and Sammaritan lodge of Baltic will play in Osgood lodge rooms, Germania hall, Norwich.

The Baltic team has led the league since its inception, and they are fortunate enough to win the silver loving cup presented by a brother member, Lee Hedges, they will only receive a star reward. However, the members of Sammaritan lodge have a high estimate of the Plainfield brothers and the latter's skill is not being underrated. Still their supporters expect to see the Baltic boys bring home the prize.

The following team will represent Baltic: Ernest Collins, Harry Massey, John Johnson, Ben Schmitt, James Higgins, Fred Talbot, Fremont Flath, Fred Buckley, Albert Wilcox, John Stewart, Ernest Harriet, William Barlow, John Higginbottom and Len Firs and Harry Johnson, captain of reserves.

Children Cry FOR FLETCHER'S CASTORIA

\$100 For A Letter

Other cash awards for letters telling why RYZON, The Perfect Baking Powder, should be in every household

So many friends have sent us good RYZON Recipes and new suggestions of what we might say in our advertising, and so much interest was shown in the RYZON Recipe Contest, that it occurs to us to offer a similar award for the best ideas of practical cooks for interesting new friends in using RYZON, The Perfect Baking Powder.

Send us your idea as to the best way to present RYZON to housewives—the arguments you would use in talking to your friends about RYZON'S superiority without criticism of other baking powders, all of which have some merit.

We will give the following awards:

\$100 cash for the best idea. 50 cash for the second best idea. 25 cash for the third best idea. \$5 cash for each and every idea which is selected as worthy of use.

The judges will be: Mr. Benj. T. Butterworth, Advertising Manager, New York Times; Mr. H. N. McKinney, of the firm of N. W. Ayer & Son, Advertising; Mr. W. H. Nichols, Jr., President General Chemical Co.

Contributions will be judged strictly on originality and advertising value. English and composition will not be judged—only the idea itself will be considered.

To every person who participates in this contest we will mail free a copy of the new RYZON Baking Book, the first complete authoritative book on baking, edited by Marion Harris Nell and priced at \$1.00.

We cannot answer any letters requesting further information about this contest.

This advertisement only appears once. Act upon it now.

Please observe these requirements:

- 1—Your ideas must be written in 100 words or less.
- 2—No art work or pictures will be considered. We want the common-sense thoughts of housewives and practical cooks in plain writing.
- 3—No professional advertising writers will be eligible for the prize awards.
- 4—Ideas are more important than the words used to express them. You don't have to be a fine writer if you have the idea. What we desire most is your reason for believing RYZON is superior and how you would convince others.
- 5—No criticism of any other baking powder will be allowed.
- 6—This offer closes on May 1st, 1916.

Here is a brief summary of the points which have been included thus far in advertising RYZON

- 1—RYZON, The Perfect Baking Powder, is made with pure crystallized monosodium phosphate, a new and better phosphate.
- 2—Phosphates are found in most of our natural foods, and are necessary to human life.
- 3—RYZON is produced by a patented process which makes it keep and insures uniform results.
- 4—Expert cooks find that because RYZON is pure and highly efficient, a little less of it does better work.
- 5—The purity, strength and healthfulness of RYZON were investigated and approved by the leading food authorities before RYZON was placed on the market.
- 6—RYZON was tried by many of the leading domestic science teachers and institutions, with the unanimous report of better baking results.
- 7—In New York, most of the leading hotels and clubs have adopted RYZON strictly on its merits.

You Don't Need a Coal Fire To Get Plenty of Hot Water

Stop making an oven of your kitchen—you'll be hot enough without it. Stop all the unnecessary labor of starting a coal fire and removing ashes. Stop heating water in pots and kettles on your gas range—you are wasting gas. Stop all this old-fashioned, wasteful, and dangerous
